2027 International Conference on Artificial Intelligence and Education

# ICAIE 2027

TRACK 3

Bangkok, Thailand | May 28-30, 2027 www.icaie.org

## Call For Papers-Track 3

**Track 3: AI and Entrepreneurship Education through Learning Spaces and Industry Collaboration**

Track Introduction:
Examines how entrepreneurial capability is developed through pedagogy, physical and digital learning spaces, incubators, live industry projects and practitioner involvement. It builds on the established entrepreneurship education area while keeping the track focused on learning.

## Track 3 Chair

Assoc. Prof. Victor Perez
Xi'an Jiaotong-Liverpool University, China

Biography: Dr. Victor (Vik) Perez is an Associate Professor and an internationally recognised voice in brain-driven entrepreneurship education, an emerging field that integrates insights from neuroscience into how entrepreneurship, innovation, and performance are taught and developed.His work challenges traditional approaches to entrepreneurship education that emphasise tools, models, and processes, proposing instead a paradigm shift toward cognitive alignment—focusing on how attention, judgment, emotional regulation, resilience, and decision-making under uncertainty shape entrepreneurial behaviour and learning outcomes. By reframing entrepreneurship as a cognitively demanding human activity rather than a purely managerial skillset, his work positions neuroscience as a critical missing link in the future evolution of education.

## About ICAIE 2027

ICAIE 2027, 2027 International Conference on Artificial Intelligence and Education, will be held in Bangkok, Thailand during May 28-30, 2027. The theme of this year is "AI In and Beyond the Classroom: Learning, Enterprise and Society". ICAIE will keep working on itself as an event whose aim is to provide this chance and platform for researchers from academia, industry, and government institutions to exchange and present novel research on Artificial Intelligence and Education. ICAIE now openly calls for submissions. We warmly welcome researchers and students to actively contribute their papers and join this grand academic conference!

## Publication

Conference Proceedings
Submitted papers will be strictly reviewed by the technical program committee. Accepted papers after successful registration and presentation will be included in Conference Proceedings, and submitted for indexing by Ei Compendex and Scopus. The authors of the papers will be invited to participate in the ICAIE to display their research results.
